THE PROPER AND BEST WAY TO SORT TOBACCO

This tobacco producer, H. B. Roberts, of Washington County, is a good example for all growers. Here he demonstrates the use of fluorescent lighting at the sorting bench. It makes possible a better job of sorting — and you can do it any time of the day, regardless of natural lighting conditions.

Hunting Season Will Open On Monday

The nimrods are all set for opening of the general hunting season on Monday, Nov. 17. The concensus of opinion is that there will be a good prospect for sportsmen.

After a first order closing the Appomattox, Buckingham - Cumberland State Forest for the hunting season, protests of local hunters led the State to reconsider the order, and now the State Forest will be open and operated on the usual basis.

This area offers many thousands of acres, usually fairly well stocked with deer.

Sportsmen who have been anxiously awaiting the kick-off date, say that deer are fairly plentiful, that wild turkeys are few and far between, that there is a normal but none too plentiful supply of quail, and that foxes and coons are in abundance.

Game Warden D. A. Conner, of Appomattox County, reminded hunters today that they are required by law to attach the appropriate tab from their big game license to the carcass of every deer, bear or turkey they kill at the place of kill immediately upon making the kill during the forthcoming hunting season.

After attaching this tab, hunters are then required to transport the game to official checking stations where the tabs will be exchanged for official big game tags such as have been used in previous years, Warden Conner explained.

Checking stations in Appomattox County will be established at D. Doss Texaco Station, Vera, Va.; W. A. Woodson, Mount View Hunt Club; M. A. Booker Filling Station, Tower Hill; B. C. Rodgers Filling Station, Oakville; J. K. Hamilton Store, Evergreen; Williams Grocery Store, Pamplin; J. E. Herndon Store on Stonewall; Hunter Dickerson's Store, Appomattox, and Wilson Scruggs Store, Wildway.

These regulations, Warden Conner said, are to aid in law enforcement and serve as a means of determining the annual kill to assist in the management of the various game species.

The Division of Forestry has rescinded its order closing the three state forests in this area to hunters and the 45,000 acres will be open when the general hunting season opens Monday.

State Forester Dean had issued the closing order some two weeks ago, This order met with a wave of protest from individuals, hunt clubs and the boards of supervisors in Buckingham and Prince Edward Counties. So far as is known, the Appomattox supervisors took no action. Those protesting the closing contended that, with the possible exception of wild turkies, game was adequate in the state forests for a normal hunting season.

Final Game Friday Night At Powhatan

Appomattox High School will end a highly successful football season this Friday night by playing at the Powhatan High School. The local team approaches the final tilt with a fine record of six wins to two losses. One of the losses was to the strong Group I Danville team, and the other a close game with V. E. S.

Coach Gordon Bragg's eleven ran up a neat homecoming game victory here last Friday night over the Gretna High School. The score was 16 to 14.

With the win, Appomattox wrapped up the championship of Group IV, District III.

A large crowd turned out for the homecoming game, and earlier saw a splendid homecoming parade at 2 P. M. through the town, featuring many floats. Students through clubs and classes had worked hard to prepare the floats and they were well received by the onlookers.

HUGH GURNEY IS HONORED BY ELECTION TO PHI BETA KAPPA

Hugh D. Gurney, son of Mr. and Mrs. Hubert A. Gurney, of Appomattox, and a senior in the College of Liberal Arts at Tufts University, Medford, Mass., was honored recently at traditional awards ceremonies on the Tufts campus recognizing top-ranking students of the three undergraduate schools of Tufts. President Nils Y. Wessell announced winners of the 1958-1959 academic honors, which included prize scholarships and cash prizes for academic excellence.

Gurney was elected to the Tufts chapter of Phi Beta Kappa. This honorary society is as old as the nation. Election to Phi Beta Kappa is recognized, not only in this country but throughout the world, as the certificate of scholarship.

MORE HOGS, BROILERS SEEN FOR NEXT YEAR

Fourteen per cent more hogs, and 10% more broilers will pace increases expected for most classes of livestock in every major section of the country during the next twelve months.

So reports Professor Paul M. Reaves, of the VPI department of dairy science, upon his recent return from a meeting of the feed survey committee of the American Feed Manufacturers Association in Chicago. Professor Reaves is a member of the committee for the southern region.

The committee, whose 1957 report was accurate within 2% of actual feed use, also said that increased supplies of high protein feeds and an abundance of grains and mill feeds will be more than ample to feed the increased livestock numbers.

In addition to increases in hogs and broilers, 5% more turkeys, 4% more sheep and lambs, and 3% more beef cattle and layers also are expected next year. Declines of 2% for dairy cattle, 4% for horses and mules, and 6% for other chickens raised for flock replacements are anticipated.

At estimated rates of feeding, nearly 130 million tons of grains, oilseed meats, and other concentrates will be used during 1958-59. This compared with estimated supplies available for feed of 186 million tons, an excess or 44%. Grain supplies exceed feed needs by nearly 50% while high proteins are in excess about 10% A crush of 375 million bushels would meet the expected use.

If estimates of the committee are realized, the 1957-59 period will be the third year of expansion in the current cycle. It will provide consumers with one of the largest total supplies of meat, milk, eggs, and other livestock products ever experienced.

Memorial Methodists Plan For New Church

Above: Consecration Ceremonies of future site of Memorial Methodist Church. From left to right: Dr. John F. Owens, Lynchburg District Superintendent of the Virginia Conference; Senator Chas. T. Moses, Sr., Chairman Finance Commission; Claude W. Smith, Chairman, Official Board; Ivey Holland, Chairman of the Building Committee; Grover E. Smith, member of the Committee; John S. Grinels, Secretary of the Building Committee; Fred H. Lawson, member of the Committee; Chas. Thoams Moses, Jr., Vice-Chairman of the Building Committee, and the Rev. Richard A. Bergdoll, Minister of Memorial Church. The above were participants in the Consecration Ceremonies of the recently purchased five and one-quarter lot at the corner of Court and Virginia Streets, Appomattox, as as the proposed future building site.

Following the morning worship service last Sunday, the large congregation assembled at the lot designated to be their future church home, as Memorial Methodist Church here went through significant ceremonies preparatory to a big expansion program. The church minster, the Rev. Richard A. Bergdoll, led the opening litany of consecration. Dr. John F. Owens, District Superintendent, read the Declaration of Consecration and the Prayer. The entire Building Committee participated in the ritual, with the exception of T. M. Trent. Present, too, were James A. Smith, Lay Leader, and E. LeRoy Smith, Church Treasurer. A large majority of other church officials joined in the service.

During the morning worship service in the present church sanctuary, Mrs. Russell F. Wagers, from whom the lot was purchased, was presented to the congregation. Ivey Holland, chairman of the Building Committee, made a statement of the progress being made toward the goal recently voted by the Church Conference. This anticipated goal looks forward to the erection of a large and adequate Church Sanctuary and Church School Facility to provide for the growing needs of the Methodists in Appomattox and vicinity. The committee intends to visit several church facilities in the Roanoke and Richmond areas, which have been suggested as comparable to the facility required for the local congregation. An architectual drawing and preliminary sketches of the proposed new buildings will be released just as soon as possible for further decisions by the entire congregation as a future Church Conference.

Education Week Observed

The program for the American Education Week here was jointly sponsored by the Appomattox County High School and P.-T. A., Tuesday night in the high school auditorium. After a brief period of business by the P.-T. A., Miss Harriette Holley presented the first part of the program, a film entitled, Crowded Out. This film pointed out the personal and individual approach in teaching as it has been forced to be discontinued because of the overcrowded classrooms, brought on by fast-growing communities.

For the second part of the program, the parents visited the regularly scheduled classes of their children, remaining five minutes in each of the instructional periods. Each parent then had an opportunity to meet and talk with each teacher instructing his child.

After the program, refreshments were served in the cafeteria.

The principal and faculty wish to express their appreciation to all the parents who attended, a goodly number, estimated at 150.

COUNTRY MUSIC CONTEST

The 2nd annual Country Music Contest, ponsored by the Appomattox County Junior Chamber of Commerce, will be held in the high school auditorium Friday, Nov. 14, at 8 P. M.
